EXPERIENCE

TechSnap

Jan-2024 - Mar-2024

Web development Intern

- Developed a comprehensive forum section for Techsnap's official website as measured by increased user engagement by 20% by implementing post creation, comment threading, and upvoting features.
- Enhanced the Datasnap product, a subsidiary offering of the company, by creating a "Write an Article" section with rich text editing and user management capabilities, improving the UI by 80%.

Shoppeal Tech

Oct 2023- Dec-2023

Software Developer Intern

- Created a new page for the Students section for the Students section on the Shoppeal official website, enhancing functionality and user experience, which resulted in a 25% increase in user interaction.
- Built the Learning Management System (LMS) from scratch with a team of six people, leveraging Next.js and TypeScript technologies, and achieved a 30% improvement in page load times.

PROJECTS

NITH Says

Next Js, Firebase, Tailwind CSS ([Link](#))

- Created a social media platform dedicated to NIT Hamirpur, enabling users to create posts, share photos and videos, like, and comment, along with a news section.
- Developed a special "Techno Tweets" section for tech-related tweets, featuring a search bar and profile editing. Added a college portal with polls and easy access to the syllabus, equipped with search functionality.
- Implemented authentication using NextAuth and Google Cloud Console for secure access, achieving over 2000 visitors to the portal, thereby enhancing engagement and user interaction.

Udemo

Next Js, Supabase ([Link](#))

- Developed an EdTech platform enabling students to search and access both free and premium courses, with seamless navigation for enhanced accessibility and learning flexibility.
- Implemented Supabase for authentication, driving 100+ registrations in the first month.

EDUCATION

National Institute of Technology (NIT), Hamirpur

2021 - Present

B.Tech in Electronics and Communication Engineering

CGPA: 7.9

Scholars Home School

2020

AISSCE (CBSE Class 12)

Percentage: 94.6%

POSITION OF RESPONSIBILITY

- Served as **Finance Secretary** at SPEC NITH, overseeing a team of 63 members in organizing Electrothon 6.0, a national-level hackathon powered by MLH and GitHub, with over 400 student registrations nationwide.
- Was appointed as **Core-Coordinator** for Cultural Activities and Clubs for the year 2023-2024 from a group of 90 students, overseeing 20 cultural clubs and coordinating various cultural events and club activities.
